Nadia says "All thanks and praise to everyone who, over the years, contributed to making this moment happen. Choosing to work in the voluntary sector is very challenging and time-consuming, but it is also rewarding and humbling. As a woman who has and continues to face challenges due to being British-Asian and a woman I am honoured to receive this award not only for myself but for all the women and girls I have worked with and will continue to work with. I took this award for Team Stockport"
